DINOSAURS ON YOUR DOORSTEP!

12 baby dinos are on the loose around Tunbridge Wells, each guarding a secret letter.

Track them all down, collect the letters, and unscramble them to reveal the name of the missing dinosaur.

Complete the challenge for a chance to win some roar-some prizes!

Don't miss this T-rexcellent adventure!

To enter the prize draw:

- Visit all the local businesses on the map and find the baby dinos.
- Each baby dino will have a letter, and together they will spell the name of a dinosaur.
- Enter the dinosaur name, along with your name, age and parents contact details (if under 16 years).
- Drop your completed trail map into the collection boxes at the Customer Service Point in Royal Victoria Place (located on the lower mall between M&S food hall and Next) or The Amelia Scott. Alternatively email culture@tunbridgewells.gov.uk with your answer.

The draw closes at **4pm on Sunday 1 September 2024.**

The draw will take place on Wednesday 4 September 2024. Winners will be notified by phone or email.

Dino Facts

The Stegosaurus had a brain the size of a walnut, but it also had a **second brain in its hip!**

Dinosaur fossils were being unearthed before they had a name, some people thought they were the remains of dragons!

The **Iguanodon** is estimated to have weighed about **4 tonnes** (1 Asian elephant), measured **10 metres in length** (1 whale shark) and stood over **2 metres tall** (1 ostrich).

The backbone and tail were supported by tendons that turned to bone as the Iguanodon grew.

For about **245 million years**

Dinosaurs roamed this Earth. One of these Dinosaurs left a giant foot print in Crowborough. You can see this foot print at The Amelia Scott.

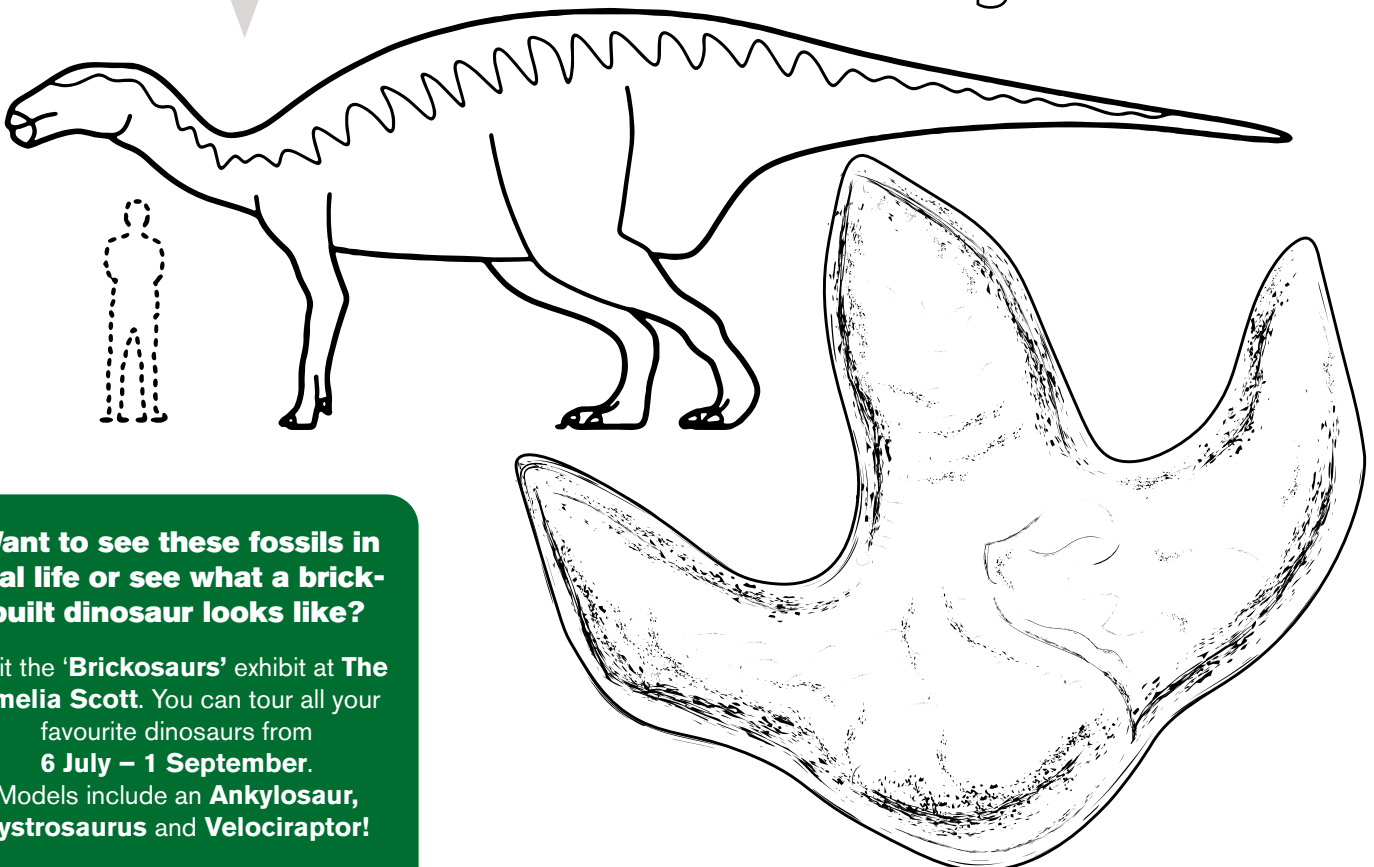

Some dinosaurs had feathers, and modern birds are their closest living relatives.

The word 'dinosaur' means 'terrible lizard,' but not all dinosaurs were fierce predators. Some were gentle giants!
